

## Specialized tax and accounting services for spas.

---

As your business grows, Savoy ensures you pay the minimum tax, tracks and analyzes your expense and income data, and helps deliver 360 degree, year-round business profit growth. Savoy clients typically make 10% more profit than their peers. Our business owner service package includes:

### **Pay Less Tax**

Our tax team helps find deductions you don't know about and expenses you forgot about to lower your tax liability. Just three easy steps for tax preparation.

### **Quarterly Tax Preparation**

Based on actual income, Savoy prepares online quarterly tax estimates for independent contractors.

### **Profit Planning**

Individualized coaching on how your financial success can help you achieve your personal goals.

### **Unlimited Business Consulting**

A designated business consultant will reach out to you regularly and provide strategic tax and business advice. They will build a profit plan, or a budget, with you based on your business and personal financials to determine your break-even point. They will also benchmark your business performance against your peers to determine areas of excellence and areas for improvement.

### **Bookkeeping Done for You**

We will do all your bookkeeping for you. We will also provide Profit & Loss statements featuring income and expenses in a monthly and year-to-date format available on your own web page.

### **Benchmarking Your Performance**

Savoy compares your business to other independent contractors and highlights where you excel and where you need to apply change.

### **Secure Online Portal**

View your P&L Statements, profit plan, receipts, and tax estimates from any device for financials at your fingertips. Savoy state of the art technology customizes a personal web page for your business.

Accurate and up-to-date books lets you focus on doing what you do best. Savoy handles your books so you can spend your time making your clients feel good.

Savoy will:

- Provide you with a bookkeeper who's an expert in spas and will setup your industry-specific general ledger
- Help you understand your cash flow through regular bank reconciliation
- Send you regular reports that highlight your total business performance
  
- Track your revenue and even help you select the best merchant processor for your spa
- Handle your payroll for each spa, ensuring your staff is paid accordingly and it's reflected in your records
- Help you track and record your expenses, setting you up favorably for tax time
