

## Specialized tax and accounting services for painters, landscapers, and other contractors.

---

As your business grows, Savoy ensures you pay the minimum tax, tracks and analyzes your expense and income data, and helps deliver 360 degree, year-round business profit growth. Savoy clients typically make 10% more profit than their peers. Our business owner service package includes:

### **Pay Less Tax**

Our tax team helps find deductions you don't know about and expenses you forgot about to lower your tax liability. Just three easy steps for tax preparation.

### **Quarterly Tax Preparation**

Based on actual income, Savoy prepares online quarterly tax estimates for independent contractors.

### **Profit Planning**

Individualized coaching on how your financial success can help you achieve your personal goals.

### **Unlimited Business Consulting**

A designated business consultant will reach out to you regularly and provide strategic tax and business advice. They will build a profit plan, or a budget, with you based on your business and personal financials to determine your break-even point. They will also benchmark your business performance against your peers to determine areas of excellence and areas for improvement.

### **Bookkeeping Done for You**

We will do all your bookkeeping for you. We will also provide Profit & Loss statements featuring income and expenses in a monthly and year-to-date format available on your own web page.

### **Benchmarking Your Performance**

Savoy compares your business to other independent contractors and highlights where you excel and where you need to apply change.

### **Secure Online Portal**

View your P&L Statements, profit plan, receipts, and tax estimates from any device for financials at your fingertips. Savoy state of the art technology customizes a personal web page for your business.
